Footwear Policy for Artificial Greens March 2021

Footwear worn on the Club's artificial greens must meet the following criteria:

1. Footwear is to be dedicated to bowling activity, not worn for street use. Bowling shoes are to be changed into at the Green, not worn to travel to the Club or changed in the parking lot.
2. Footwear must be clean and free of all dirt and debris.
3. Footwear is to be compatible with recognized bowling shoe standards as outlined below:
 - Shoes must be flat soled with no separation or height differentiation between heel and front sole. (ie flat from toe to back of heel).
 - The sole may possess a shallow tread pattern or indented grooves to improve traction, without damaging the green. A channel in the centre of the sole is acceptable; protuberances that extend out from the sole are not acceptable. Edges around the sole, and around any channel, need to be rounded.
 - Sandals with a heel strap are acceptable, as long as the back strap is firmly fitted when worn. Flat-soled wedge shoes (shoes that increase in height from toe to heel) are not acceptable.
